

	COVID-19	PUBLIC RELEASE
	ALL ABOUT LIFTING & SAFETY PTY LTD 1/12 Duntroon St, Brendale, Qld 4500 Ph. 07 3889 7774 ABN 87 165 626 148	ISSUE DATE: 08/04/2020

Dear Customers,

Coronavirus (COVID-19) is having far-reaching impacts on businesses throughout the world including Australia.

We understand that some of our customers are choosing to limit the number of contractors that visit their premises in order to reduce employee exposure risk. Though this is completely understandable, we would like to remind you that it is still essential to remember the other risks to your employee's health and safety.

In particular, it should not be forgotten that there are mandatory requirements under the relevant Australian Standards and the Workplace Health and Safety Act 2011, regarding the inspection of your lifting, rigging, height safety and confined space equipment. This is especially the case where equipment is still being used outside of the minimum inspection periods.

All About Lifting & Safety has implemented an Electronic Health Reporting as well as other guided measures such as hygiene and social distancing in response to the COVID-19 threat, which is in-line with the safety measures being prescribed by Government. Any All About Lifting & Safety employee who is feeling **unwell** or who has come into contact with a person that is **known** or **suspected** of being infected with COVID-19 is to **cease** work immediately and **self-isolate** until such time as a full medical clearance from a doctor is obtained. Rest assured that no All About Lifting & Safety employee is in any doubt as to what the requirements in relation to reporting illness at this time are.

All About Lifting & Safety will continue to work with our customers to find a solution that satisfies any concerns. These include but are not limited to:

- Facilitating inspections of your equipment offsite, at our workshops. Our branches are in Molendinar, Brendale and Kunda Park.
- Facilitating inspections on your site in designated areas.

If you have any concerns about your upcoming inspections, then we ask that you get in touch with our team as soon as possible to discuss on 07 3889 7774.

This is an evolving situation and we will keep you updated as things change. Our number 1 priority is to always ensure the health and safety of our staff and customers.

Yours sincerely,

The All About Lifting & Safety Team
