

BULLDOG BINDER™

Grade 70, 80, 100 & 120

The ratchet binder that has bite as well as bark.

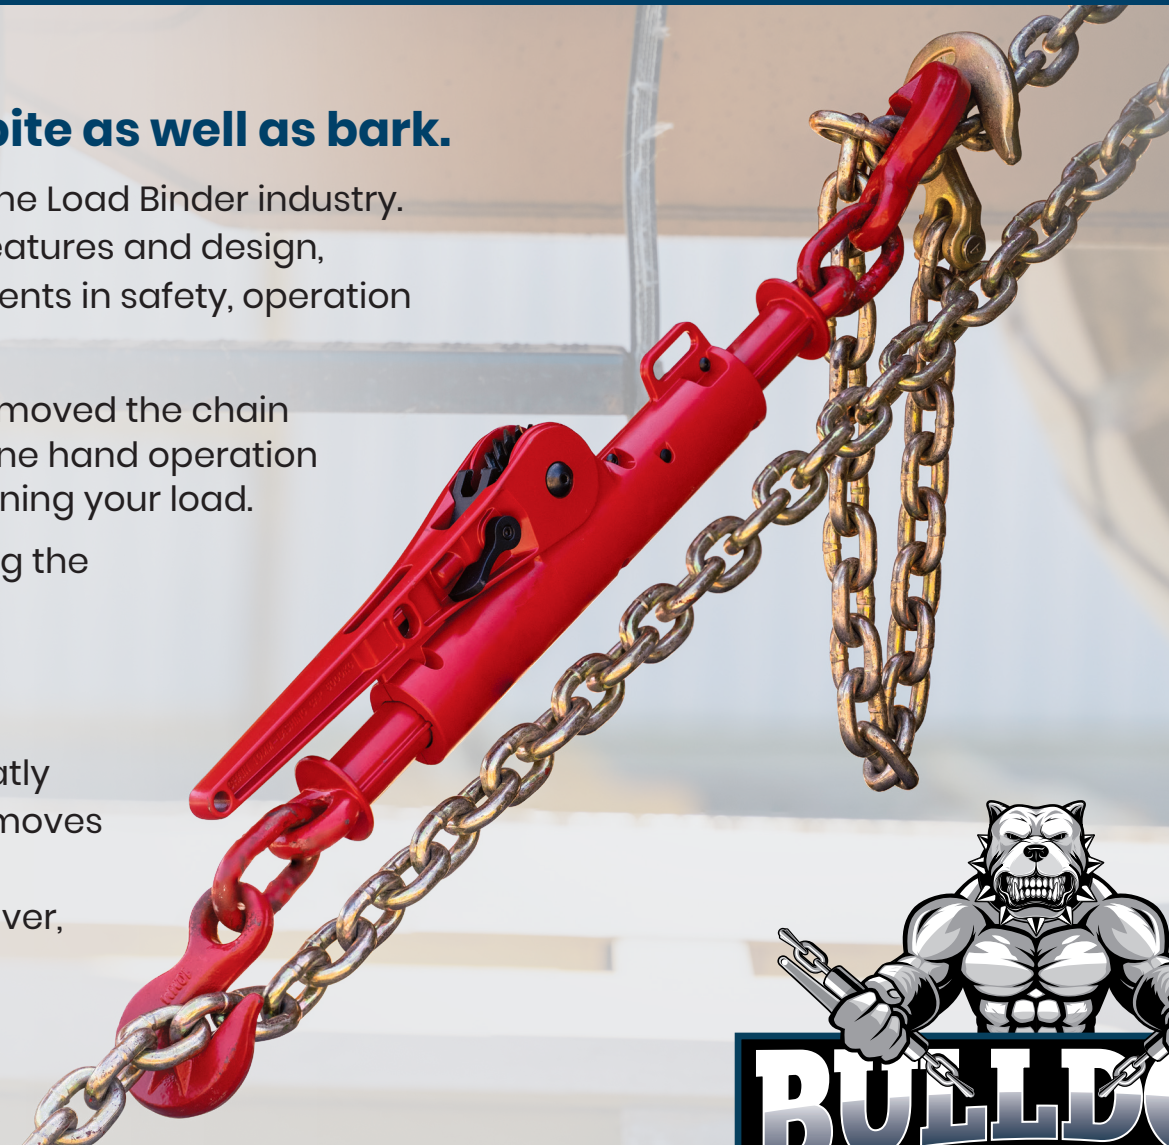

The Bulldog Binder™ has revolutionized the Load Binder industry. Thanks to its unique globally patented features and design, it represents groundbreaking improvements in safety, operation and security like no other.

With its direct inline restraint we have removed the chain twisting from Load Binding. The simple one hand operation means an easier operation when restraining your load.

In short your load is more secure by using the Bulldog Binder™.

Inline Lay Flat Handle

Thanks to the inline lay flat handle it greatly enhances storage requirements and removes any projections from the truck/trailer therefore making it safer for the truck driver, pedestrians and other road users.

BULLDOG BINDER™

Grade 70, 80, 100 & 120

Benefits & Features

- The Bulldog Binder™ has a 2 stage locking mechanism that provides added security meaning your load will never get off the leash.
- Added security via handle to binder locking mechanism to enable your load to be hard locked securely during transport.
- Threads are in a sealed chamber providing protection from the elements, weather, contaminants and damage.
- Locking anti twist mechanism which allows single hand operation. This locking mechanism means there is no chain twisting during the process and it also prevents the binder from being able to unwind itself.
- Ability to lubricate inner thread via removable gromet.
- Compact closed handle design takes up less room during storage.
- Manufactured to comply with ASNZ 4344:2001.
- Durable Powder Coated Finish.

Product Specifications

Product Code	Chain Size	End Fittings	A	B	C	Weight (kgs)	Take-Up (mm)
			Body Length (mm)	Handle Length (mm)	Height (mm)		
BB08	8mm	Winged Grab Hooks	376	297	98.90	6.25	155
BB10	10mm	Winged Grab Hooks	376	297	98.90	6.75	155
BB13	13mm	Winged Grab Hooks	413	297	98.90	8.95	155

Lashing Capacity

Binder Size	Binder Total Capacity	Lashing Capacity w/:G70 Chain	Lashing Capacity w/:G80 Chain	Lashing Capacity w/:G100 Chain	Lashing Capacity w/:G120 Chain
8mm	6000 kgs	3800 kgs	4000 kgs	5000 kgs	6000 kgs
10mm	7000 kgs	6000 kgs	6400 kgs	7000 kgs	7000 kgs
13mm	11,000 kgs	9,000 kgs	10,600 kgs	11,000 kgs	11,000 kgs
